COOKWARE AND SMALL ELECTRICS

FAGOR

EFFICIENT AND HEALTHY COOKING & ENTERTAINING

FAGOR - A Fast, Healthy, Efficient Way to Cook

Fagor is the leading European manufacturer of high quality appliances, the worldwide pioneer in induction technology, and one of the leading pressure cooker brand in the United States. Our mission is to provide small electric appliances and pressure cookers that are energy efficient, innovative and dependable. We employ environmentally and socially sound manufacturing and distribution standards for all of our divisions and suppliers.

As the leading pressure cooker brand in the United States, we offer home cooks the unique opportunity to enjoy *delicious & nutritious* meals with cooking time reduced by up to 70%! Our small electrics collection has the most advanced technology and offers countertop convenience, healthy meals and energy efficiency all at your fingertips. All of our units are designed with flameless precision and constructed of the finest materials all while being environmentally conscious.

WHY CHOOSE A FAGOR PRESSURE COOKER?

FAST – Reduces cooking time up to 70%.

ENERGY EFFICIENT – Pressure Cookers are 70% faster than traditional cookware. Less time spent cooking translates into less energy used.

EASY – Load ingredients, close the lid and let the pressure cooker do the cooking.

HEALTHY – Pressure cooking retains vitamins and nutrients that are usually lost in traditional cooking methods and maintains a low fat content because it uses less fat and oil.

SAFE – Fagor Pressure Cookers have three independent safety mechanisms making them completely safe to use. The lock on the handle will not open until all the pressure is released.

VERSATILE – You can cook a variety of different types of dishes with a pressure cooker; from appetizers and entrées to delicious desserts.

WHY CHOOSE A FAGOR SMALL APPLIANCE?

ENERGY EFFICIENT – Fagor induction cooktops cook your food 50% faster than gas or electric and are 90% more efficient.

VERSATILE – All of our units can be used to cook a variety of recipes from appetizers and entrées to desserts. They can be used outside of your kitchen, even in dorms, campers and a studio apartment.

INNOVATIVE - Fagor's knowledge and innovation in cooking technology has reigned the globe for decades. We take pride in our leadership and make sure that it reflects in the precision of our craftsmanship.

HEALTHY - Fagor's Small Appliances provide you with incredible flexibility and a healthier way of cooking. Our units make it easy and convenient for you to prepare a healthy meal faster and more efficiently than ever before. They are powerful, portable and can be used for everyday cooking.

CHEF LINE

The Fagor Chef Pressure Cooker line is our premiere pressure cooker made of elegant 18/10 Stainless Steel and designed with a larger diffuser bottom for higher cooking efficiency. The Chef has many newly added features including; A Pressure Indicator with 2 level positions, Self-Cleaning Valve, Maximum Level Indicator and compact handles for better storage. There is also a Removable Timer which helps to simplify the cooking process and many other features to help you to create the perfect meal!

Chef 10 qt.

Chef 8 qt.

Chef 6 qt.

- Made in Spain and crafted from 18/10 Stainless Steel.
- Pressure Indicator with 2 distinct positions – the 1st indicates the cooker has reached LOW pressure and the 2nd alerts you the cooker has reached HIGH pressure.
- 2 pressure settings, HIGH (15psi) and LOW (8psi).
- Easy automatic release setting.
- Valve removing position for easy cleaning.
- Self Cleaning Valve is specially designed to clean itself with the exclusive vertical method in which it expels steam.
- Removable Timer/Alarm lets you walk away while cooking with 100 minutes of available time.
- Fully automatic locking system.
- MAX Line Indicator - The maximum level indicator line inside the pressure cooker helps you to recognize when you have reached two-thirds of the filling capacity in the pressure cooker, the recommended maximum fill amount.
- The Chef provides 3 security valves. The unit automatically locks the lid while pressure is still inside and if lid is not closed properly, the unit will not create any additional pressure.
- The Chef Pressure Cooker includes:
  - 10” Tempered Glass Lid that allows the pot to be used as a traditional cooking vessel.
  - Steamer/ Grater Basket with Trivet, for steaming vegetables that also functions as a grater.
  - DVD Recipe Collection.
  - User's manual.

CAST IRON LIGHT COOKWARE - MIDNIGHT BLUE COLLECTION NEW

Fagor's amazing Cast Iron Light cookware uses innovative technology that actually reduces the weight of the cookware by 50%, making it easier to use while maintaining its celebrated durability, precise temperature control and even heat distribution. Each piece is coated with a smooth Midnight Blue colored enamel exterior that is resistant to rusting, chipping and cracking. Unlike traditional Cast Iron cookware, they do not require any additional seasoning to maintain.

The resilient grey non-stick interior ceramic coating is easy to clean and free from PTFE and PFOA. The manufacturing process respects the environment and has eliminated the use of harmful chemical products. The Midnight Blue Collection is compatible with all cooktops including induction and is able to go from the stove top or oven for an elegant table presentation.

Available October 2013

NEW SLOW JUICER PLATINO

The Platino is the second generation of Fagor Slow Juicers. It is completely BPA-Free and designed in a sleek black and gun metal grey color for your modern kitchen. The Platino precisely extracts the most juice from your food, preserving more of the organic vitamins and nutrients in your juice. The result is a more delicious, healthier glass of juice packed with everything you need to conquer the day.

Slow Juicing is a process that allows you to consume more fruits and vegetables in one glass than you could eat at one time. There is no oxidation or separation, so it preserves more of the organic nutrients from the food and keeps it closer to its natural state. Fresh juice from a slow juicer is absorbed directly into the body so it receives everything you need for optimum health.

The Platino extracts juice from the fruit or vegetable twice, squeezing the food without shredding or grinding it, helping you to get more juice in your glass.

SIZE	ITEM#	UPC CODE	PACK	WT. LBS	CASE DIMENSIONS(LxWxH)/CU. FT
N/A	967010008	7-35186-00370-4	1	13.51	17.32" x 12.20" x 12.60"/1.54

- The Platino uses a 2-step process in which juice is extracted twice before it enters your glass.
- The Platino extracts juice from a large variety of foods; fruits, vegetables, leafy greens, wheatgrass and even soybeans.
- Dispels a dryer more dehydrated pulp perfect to add to recipes.
- All parts in contact with food are BPA-Free.
- The Platino uses less energy, saving you money and helping to lower your carbon footprint.
- Compact size for easy handling- 12”x18¼”, 9 lbs.
- The auger is made from GE Ultem, a durable, high-quality, easy-to-clean material.
- 80-90 RPM.
- Uses ONLY 150 Watts of power.
- Uses regular household 110 - 120V.
- ETL approved in the US and Canada.
- The unit comes with a 35 oz. pulp collector, a 35 oz. juice collector and a cleaning brush.
- Includes user’s manual and recipe booklet.
- 5-year warranty on all parts including the motor.

NEW

THE FAGOR ENERJUICER

A new addition to the Fagor juicing family- the Fagor Enerjuicer is a powerful 800 watt high powered, dual-speed juicer that is perfect for the novice who is just beginning their juicing experience. The Enerjuicer gives you delicious fresh juice, faster, with less noise. It is extremely easy to clean.

Designed with an extra-large 3" food chute, the Enerjuicer can consume and process whole fruits that won't need to be cut, like apples and pears. In addition, when tested against competitive models, the Enerjuicer produced more fresh juice from most fruits and vegetables, due to the unit's incredibly powerful motor. The juicer maintains a lower noise level than other models and creates less frothing, ultimately giving you more delicious juice in your glass.

- Runs on 120V and 800 watts of power
- 2-speeds with 10,000 RPMs for the high setting, used for harder foods like apples and pineapples, and 7,000 RPMs for the low setting for softer foods like papayas and tomatoes.
- Comes with a 66 oz. "pulp collector", a 40 oz. "juice collector", a cleaning brush to assist in cleaning the unit, and a user's manual with delicious versatile juicing recipes.
- The black and Stainless Steel unit contains blades which are also made of high quality stainless steel and a easy to clean micro-mesh filter.
- Die-cast safety locking arm that secures the juicer cover.
- All parts in contact with food are BPA Free materials with a simple design that help to make the unit easy to clean and safer for everyday use.
- 1-year warranty on all parts.
- ETL approved in USA and Canada.
